**PRIVATE PILOT (PAR)**

## **KNOWLEDGE TEST AGREEMENT**

Read this document carefully and acknowledge your understanding and acceptance of its content at the bottom of the page. You must electronically sign this document before you will be allowed to begin your study.

To meet the record keeping requirements of FAR Part 141.63 we are required to track the pass/fail rate of our students who take the FAA knowledge test. From the date you graduate from the course, you have 60 days to take the knowledge test. From the date you take the knowledge test, you have 10 days to provide a copy of your grade report to us. You may do this by any of the following methods:

<b>Facsimile</b>	Send fax of grade report: 352-375-6940
<b>Email</b>	Email scanned image of the grade report: gradereport@gleim.com
<b>Standard mail</b>	Send a copy of the grade report, NOT THE ORIGINAL: Gleim Publications, Inc. 4201 NW 95th Blvd Gainesville, FL 32606

Handwritten records, email without a scanned image of the grade report, and verbal guarantees are NOT acceptable proof of your score. Failure to provide acceptable proof of your knowledge score within 10 days of the exam will result in a *hold being placed on your airman record file*, preventing you from receiving your Private Pilot certificate until the knowledge test report is received by Gleim. If you have any questions regarding providing acceptable proof of your knowledge test score, email Chief Instructor Eric Crump at [aviation@gleim.com](mailto:aviation@gleim.com).

It is important to note that Gleim requires proof of either a passing OR a failing score for our records.
